

## **Vote RACHEL for RESOLUTIONS!**

I, **Rachel Immerman**, am running to serve on **NEA's Resolutions Committee**.

I immediately dove head first into the Kentucky Education Association during my freshman year at The University of Kentucky.

I instantaneously got involved in my local, where I ran for Outreach Chair. Here, I began to understand the importance of this association and **the impact it would have on my future**.

Ending my freshman year, I ran for Vice President of my local chapter and President-Elect of the statewide chapter, becoming **the youngest member of the state student officers**. Currently, **I proudly serve as my local AND statewide chapter's President**. During my experience as KEA-SP President-Elect, I represented Kentucky's pre-service teachers on KEA's Budget Committee. While serving my term on the committee, **I successfully lobbied and restored the proposed cuts of \$5,000** to KEA-SP's budget.

Throughout these two years, I have continued to **advocate for this association and our student members**. However, I know that there is much **more to learn, grow, and do**.

**I am ready to work tirelessly to represent you as a local, state, and national leader serving on NEA's Resolutions Committee.**

*Thank you for your consideration.*
