Why I'm Running—"I have chosen to run for NEA-SP Chairperson because to invest in our student members is to invest in the future of our profession. In a time when our profession is facing so many challenges, we must continue to empower pre-service educators and give them opportunities to lead. Through my work on the local, state and national levels, I have chosen to be an activist since day one; I know great success can come from simply stepping up to the plate.

To serve as the NEA Student Program Chairperson would be a remarkable opportunity and I look forward meeting you all along my travels!
